

SightGlass Training

and VASA Annual General Meeting

SAVE THE DATE: SATURDAY 4TH JUNE 2016

BOOK ONLINE TODAY AT: www.vasa.org.au/book-online/agm

BOB ANSETT

Business magazine BRW dubbed Bob Ansett "the entrepreneur's entrepreneur". Founder of Budget Rent A Car System, published author and successful marketer, Bob will provide the Keynote address to members during the evening dinner event.

JOE ARGIRO

Founder of The Brock Shop, race engineer and successful businessman, Joe will address members during the morning session. Joe will be on hand during the day to discuss all things from customer service, to advanced diagnostics and workshop performance.

GRANT HAND

Grant will explain the evolutionary development of variable displacement compressors through the R134a era, and how this technology is applied to the new R1234yf systems. Theory and practical diagnosis on R134a & R1234yf vehicles is also included.

PETER TREES

Peter will focus on vehicle communication networks (ISO, SCP, CAN, LIN, MOST, Flexray), engine management diagnostics, fuel trims, scope patterns, test equipment, and AdBlue exhaust emissions. This class will include both theory and practical sessions.

BRETT MEADS

For those who want more, Brett will hold an optional mini-masterclass during the lunch break, focusing on the Holden VE Series platform from an AC and Climate Control perspective. Eat, learn and discuss model evolution, faults, diagnosis and repair.
